

## Magnesium Sulfate Monohydrate

Version number: 1.0

---

### SECTION 1: Identification

#### 1.1 Product identifier

|                                 |                                                 |
|---------------------------------|-------------------------------------------------|
| Identification of the substance | sulfuric acid magnesium salt (1:1), monohydrate |
| Trade name                      | <b><u>Magnesium Sulfate Monohydrate</u></b>     |
| CAS number                      | 14168-73-1                                      |

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

|                          |                                    |
|--------------------------|------------------------------------|
| Relevant identified uses | Chemicals for various applications |
|--------------------------|------------------------------------|

#### 1.3 Details of the supplier of the safety data sheet

|                                |                              |
|--------------------------------|------------------------------|
| Valudor Products, LLC          | Telephone: +1 (760) 635 8500 |
| 179 Calle Magdalena Suite 100  | e-mail: info@valudor.com     |
| Encinitas, California CA 92024 | Website: www.valudor.com     |
| United States                  |                              |

#### 1.4 Emergency telephone number

|                                                       |                         |
|-------------------------------------------------------|-------------------------|
| Emergency information                                 | 800-535-5053 (Infotrac) |
| As above or nearest toxicological information center. |                         |

### SECTION 2: Hazard(s) identification

#### 2.1 Classification of the substance or mixture

**Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)**  
This substance does not meet the criteria for classification.

#### 2.2 Label elements

**Labelling acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)**  
Not required.

#### 2.3 Other hazards

**Results of PBT and vPvB assessment**  
According to the results of its assessment, this substance is not a PBT or a vPvB.

### SECTION 3: Composition/information on ingredients

#### 3.1 Substances

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Name of substance | sulfuric acid magnesium salt (1:1), monohydrate |
| Identifiers       |                                                 |

# Magnesium Sulfate Monohydrate

Version number: 1.0

---

|                   |                                      |
|-------------------|--------------------------------------|
| CAS No            | 14168-73-1                           |
| Molecular formula | MgSO <sub>4</sub> · H <sub>2</sub> O |
| Molar mass        | 138.4 g/mol                          |
| Purity            | 98 %                                 |

## SECTION 4: First-aid measures

### 4.1 Description of first-aid measures

#### General notes

In case of accident or if you feel unwell, seek medical advice immediately (show the label or safety data sheet where possible).

#### Following inhalation

Provide fresh air.

If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions.

#### Following skin contact

Rinse skin with water/shower.

After contact with skin, wash immediately with plenty of water and soap.

If skin irritation or rash occurs: Get medical advice/attention.

#### Following eye contact

Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

#### Following ingestion

Rinse mouth immediately and drink plenty of water.

Do NOT induce vomiting.

Get medical advice/attention if you feel unwell.

#### Notes for the doctor

None.

### 4.2 Most important symptoms and effects, both acute and delayed

This information is not available.

### 4.3 Indication of any immediate medical attention and special treatment needed

None.

## SECTION 5: Fire-fighting measures

### 5.1 Extinguishing media

#### Suitable extinguishing media

water, foam, alcohol resistant foam, fire extinguishing powder, coordinate firefighting measures to the fire surroundings

### 5.2 Special hazards arising from the substance or mixture

Hazardous decomposition products: Section 10.

#### Hazardous combustion products

# Magnesium Sulfate Monohydrate

Version number: 1.0

---

sulfur oxides (SO<sub>x</sub>), metal oxides

## 5.3 Advice for firefighters

Non-combustible.

Keep containers cool with water spray.

In case of fire and/or explosion do not breathe fumes.

Coordinate firefighting measures to the fire surroundings.

Do not allow firefighting water to enter drains or water courses.

Collect contaminated firefighting water separately.

Fight fire with normal precautions from a reasonable distance.

### Special protective equipment for firefighters

Wear self-contained breathing apparatus

## SECTION 6: Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

#### For non-emergency personnel

Ventilate affected area.

Do not breathe dust.

Control of dust.

Wearing of suitable protective equipment (including personal protective equipment referred to under Section 8 of the safety data sheet) to prevent any contamination of skin, eyes and personal clothing.

#### For emergency responders

Wear breathing apparatus if exposed to vapors/dust/aerosols/gases.

### 6.2 Environmental precautions

Keep away from drains, surface and ground water.

Retain contaminated washing water and dispose of it.

### 6.3 Methods and material for containment and cleaning up

#### Advice on how to contain a spill

Covering of drains.

Take up mechanically.

#### Advice on how to clean up a spill

Take up mechanically.

Collect spillage.

#### Other information relating to spills and releases

Place in appropriate containers for disposal.

Ventilate affected area.

### 6.4 Reference to other sections

Hazardous combustion products: see section 5.

Personal protective equipment: see section 8.

Incompatible materials: see section 10.

Disposal considerations: see section 13.

# Magnesium Sulfate Monohydrate

Version number: 1.0

---

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Avoid contact with eyes.

Do not breathe dust.

#### Measures to prevent fire as well as aerosol and dust generation

Use local and general ventilation.

Removal of dust deposits.

#### Measures to protect the environment

Avoid release to the environment.

Do not empty into drains; dispose of this material and its container at hazardous or special waste collection point.

#### Advice on general occupational hygiene

Do not eat, drink and smoke in work areas.

Wash hands after use.

Preventive skin protection (barrier creams/ointments) is recommended.

Remove contaminated clothing and protective equipment before entering eating areas.

### 7.2 Conditions for safe storage, including any incompatibilities

#### Flammability hazards

None.

#### Incompatible substances or mixtures

Incompatible materials: see section 10.

#### Protect against external exposure, such as

heat

#### Consideration of other advice

Keep away from food, drink and animal feedingstuffs.

#### Ventilation requirements

Provision of sufficient ventilation.

#### Specific designs for storage rooms or vessels

Keep container tightly closed and in a well-ventilated place.

#### Packaging compatibilities

Keep only in original container.

### 7.3 Specific end use(s)

No information available.

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters

The following constituents are the only constituents of the product which have a PEL, a TLV or other recommended exposure limit. At this time, the other constituents have no known exposure limits.

# Magnesium Sulfate Monohydrate

Version number: 1.0

| Occupational exposure limit values (Workplace Exposure Limits) |                                              |        |            |           |                          |            |                           |                 |                  |

| US                                                             | particulate not otherwise regulated          | -      | REL        | -         | -                        | -          | -                         | appx-D          | NIOSH REL        |

## Notation

appx-D see Appendix D - Substances with No Established RELs

dust as dust

partml particles/ml

r respirable fraction

STEL short-term exposure limit: a limit value above which exposure should not occur and which is related to a 15-minute period (unless otherwise specified)

TWA time-weighted average (long-term exposure limit): measured or calculated in relation to a reference period of 8 hours time-weighted average (unless otherwise specified)

## 8.2 Exposure controls

### Appropriate engineering controls

Use local and general ventilation.

### Individual protection measures (personal protective equipment)

#### Eye/face protection

Wear eye/face protection.

# Magnesium Sulfate Monohydrate

Version number: 1.0

## Hand protection

| Protective gloves                        |                    |                                          |
|------------------------------------------|--------------------|------------------------------------------|
| Material                                 | Material thickness | Breakthrough times of the glove material |
| NR: natural rubber, latex                | ≥ 0,5 mm           | >480 minutes (permeation: level 6)       |
| CR: chloroprene (chlorobutadiene) rubber | ≥ 0,5 mm           | >480 minutes (permeation: level 6)       |
| NBR: acrylonitrile-butadiene rubber      | ≥ 0,35 mm          | >480 minutes (permeation: level 6)       |
| IIR: isobutene-isoprene (butyl) rubber   | ≥ 0,5 mm           | >480 minutes (permeation: level 6)       |
| FKM: fluoro-elastomer                    | ≥ 0,4 mm           | >480 minutes (permeation: level 6)       |
| PVC: polyvinyl chloride                  | ≥ 0,5 mm           | >480 minutes (permeation: level 6)       |

Wear suitable gloves.

Chemical protection gloves are suitable, which are tested according to EN 374.

Check leak-tightness/impermeability prior to use.

For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

## Body protection

Protective clothing for use against solid particulates.

## Respiratory protection

In case of inadequate ventilation wear respiratory protection.

Particle filter device (DIN EN 143).

## Environmental exposure controls

Use appropriate container to avoid environmental contamination.

Keep away from drains, surface and ground water.

## SECTION 9: Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

#### Appearance

**Physical state** solid  
(powder, crystalline)

**Color** white

**Odor** characteristic

**Odor threshold** not determined

#### Other safety parameters

**pH (value)** 6.5

**Melting point/freezing point** 1,124 °C

**Boiling point or initial boiling point and boiling** not determined

# Magnesium Sulfate Monohydrate

Version number: 1.0

---

| <b>Information for relevant hazard classes according to GHS</b> | hazard classes acc. to GHS (physical hazards):<br>not relevant |

**9.2 Other information** there is no additional information

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

This material is not reactive under normal ambient conditions.

### 10.2 Chemical stability

The material is stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.

See below "Conditions to avoid".

### 10.3 Possibility of hazardous reactions

# Magnesium Sulfate Monohydrate

Version number: 1.0

No known hazardous reactions.

## 10.4 Conditions to avoid

Control of dust.

## 10.5 Incompatible materials

There is no additional information.

## 10.6 Hazardous decomposition products

Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known.

Hazardous combustion products: see section 5.

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

If not otherwise specified the classification is based on:

Animal studies; Evidence from any other toxicity tests; Expert judgment (weight of evidence determination).

#### Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)

This substance does not meet the criteria for classification.

#### Acute toxicity

Shall not be classified as acutely toxic (oral).

Shall not be classified as acutely toxic (dermal).

#### Inhalation.

Classification could not be established because:

Data are lacking, inconclusive, or conclusive but not sufficient for classification.

| Exposure route | Endpoint | Value        | Species | Method             | Source | Notes       |
|----------------|----------|--------------|---------|--------------------|--------|-------------|
| oral           | LD0      | >2,000 mg/kg | rat     | OECD Guideline 425 | ECHA   | read-across |
| dermal         | LD0      | >2,000 mg/kg | rat     | OECD Guideline 402 | ECHA   | read-across |

#### Skin corrosion/irritation

Shall not be classified as corrosive/irritant to skin.

#### Serious eye damage/eye irritation

Shall not be classified as seriously damaging to the eye or eye irritant.

#### Respiratory or skin sensitization

##### Skin sensitization

Shall not be classified as a skin sensitizer.

(ECHA, EU method B.42, OECD Guideline 429, EPA OPPTS 870.2600)

#### Respiratory sensitization

Classification could not be established because:

# Magnesium Sulfate Monohydrate

Version number: 1.0

Data are lacking, inconclusive, or conclusive but not sufficient for classification.

## Germ cell mutagenicity

Shall not be classified as germ cell mutagenic.

(ECHA, EU method B.17, OECD Guideline 476)

## Carcinogenicity

### IARC Monographs

not listed

### National Toxicology Program (United States)

not listed

### OSHA Carcinogens

Not listed.

## Reproductive toxicity

Classification could not be established because:

Data are lacking, inconclusive, or conclusive but not sufficient for classification.

### Specific target organ toxicity - single exposure

Classification could not be established because:

Data are lacking, inconclusive, or conclusive but not sufficient for classification.

### Specific target organ toxicity - repeated exposure

Classification could not be established because:

Data are lacking, inconclusive, or conclusive but not sufficient for classification.

## Aspiration hazard

Shall not be classified as presenting an aspiration hazard.

## 11.2 Other information

There is no additional information.

## SECTION 12: Ecological information

### 12.1 Toxicity

#### Aquatic toxicity (acute)

Based on available data, the classification criteria are not met.

| End-point | Exposure time | Value    | Species                              | Method | Source | Notes       |
|-----------|---------------|----------|--------------------------------------|--------|--------|-------------|
| LC50      | 96 h          | 680 mg/l | fathead minnow (Pimephales promelas) | -      | ECHA   | read-across |
| LC50      | 48 h          | 720 mg/l | daphnia magna                        | -      | ECHA   | read-across |

#### Aquatic toxicity (chronic)

Based on available data, the classification criteria are not met.

# Magnesium Sulfate Monohydrate

Version number: 1.0

| End-point | Exposure time | Value      | Species                    | Method | Source | Notes       |
|-----------|---------------|------------|----------------------------|--------|--------|-------------|
| EC50      | 18 d          | 2,700 mg/l | algae (Chlorella vulgaris) | -      | ECHA   | read-across |

## 12.2 Persistence and degradability

### Biodegradation

The study does not need to be conducted because the substance is inorganic.

### Persistence

The study does not need to be conducted because the substance is inorganic.

## 12.3 Bioaccumulative potential

Data are lacking, inconclusive, or conclusive but not sufficient for classification.

### n-octanol/water (log KOW)

not relevant  
(inorganic)

## 12.4 Mobility in soil

Data are lacking, inconclusive, or conclusive but not sufficient for classification.

## 12.5 Results of PBT and vPvB assessment

According to the results of its assessment, this substance is not a PBT or a vPvB.

## 12.6 Other adverse effects

Data are not available.

### Remarks

None.

## SECTION 13: Disposal considerations

### 13.1 Waste treatment methods

Dispose of contents/container in accordance with local/regional/national/international regulations.

#### Sewage disposal-relevant information

Do not empty into drains.

#### Waste treatment of containers/packages

Completely emptied packages can be recycled.

Handle contaminated packages in the same way as the substance itself.

### Remarks

Please consider the relevant national or regional provisions.

## SECTION 14: Transport information

### 14.1 UN number

not subject to transport regulations

### 14.2 UN proper shipping name

-

### 14.3 Transport hazard class(es)

-

# Magnesium Sulfate Monohydrate

Version number: 1.0

---

**14.4 Packing group** -

**14.5 Environmental hazards** -

**14.6 Special precautions for user** -

**14.7 Transport in bulk according to IMO instruments** -

**14.8 Information for each of the UN Model Regulations**

**Transport of dangerous goods by road or rail (49 CFR US DOT) Additional information**

Not subject to transport regulations.

## **SECTION 15: Regulatory information**

**15.1 Safety, health and environmental regulations specific for the product in question**

**National regulations (United States)**

**Toxic Substance Control Act (TSCA)** Substance is listed (ACTIVE)

**Superfund Amendment and Reauthorization Act (SARA TITLE III )**

**The List of Extremely Hazardous Substances and Their Threshold Planning Quantities (EPCRA Section 302, 304)**

Not listed

**Specific Toxic Chemical Listings (EPCRA Section 313)**

Not listed

**Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)**

**List of Hazardous Substances and Reportable Quantities (CERCLA section 102a) (40 CFR 302.4)**

Not listed

**Clean Air Act**

Not listed

**Right to Know Hazardous Substance List**

**Toxic or Hazardous Substance List (MA-TURA)**

Not listed

**Hazardous Substances List (MN-ERTK)**

Not listed

**Hazardous Substance List (NJ-RTK)**

Not listed

**Hazardous Substance List (Chapter 323) (PA-RTK)**

Not listed

**Hazardous Substance List (RI-RTK)**

Not listed

# Magnesium Sulfate Monohydrate

Version number: 1.0

## California Environmental Protection Agency (Cal/EPA): Proposition 65 - Safe Drinking Water and Toxic Enforcement Act of 1987

Not listed

## Drug precursors, Chemicals designated within the Controlled Substances Act, 21 U.S.C. § 802, paragraphs 34 (list I) and 35 (list II)

Not listed

### SECTION 16: Other information, including date of preparation or last revision

Date of preparation: 2025-08-21

#### Abbreviations and acronyms

| Abbr.            | Descriptions of used abbreviations                                                                                                                                               |
